

14 Jeffries Street Kearsley, NSW

Outstanding Block Glorious Outlook

Quality 1 acre blocks of this calibre and location are extremely rare and don't come to the market very often. The 4327 sqm block has a gentle slope to the street and with a massive 40.24m frontage it provides you the opportunity to build just about any home on this block. Set amongst quality homes within a quiet street of Kearsley it is situated only moments to Cessnock CBD. Other pleasing features of the block include;

- Beautiful views to the Watagan Mountains
- The large block with a depth of 107 metres allows for an expansive home to be built while allowing plenty of room for shedding or children to ride their bikes or even a pony
- Town water and power at the front of the property

The thriving Cessnock property market has experienced a massive increase in demand for larger block sizes and in particular 1 acre parcels that are close to schools, shopping centre

Price: \$330,000
